SUMMARY

Aspiring Junior Software Engineer with a strong foundation in Software Engineering and Cloud Computing. Proficient in leveraging Large Language Models (LLMs) like ChatGPT and Gemini to drive productivity and innovation. Experienced in Python, API integration, and deploying AI-driven solutions. Eager to apply my skills and grow in a dynamic, innovative environment.

EDUCATION

AWS re/Start - Ajira Digital
Cloud Practitioner

May 2024 – Aug 2024

African Leadership Experience – @alx_africa
Software Engineering

May 2023 – present

SKILLS

Programming Languages: C, Python, JavaScript
AI and Machine Learning: ChatGPT, Google Gemini
Web Development: HTML, CSS, Flask
Database Management: MySQL
Cloud Platforms: AWS (EC2, S3, Lambda, EBS, VPC)
DevOps Tools: Git
API Integration: RESTful APIs
Other Tools: Linux, Bash scripting, Google Workspace

PROJECTS

GlitchSpy Application - <https://github.com/omollpeter/GlitchSpy>

June 2024 - July 2024

- Developed a comprehensive application for tracking and exposing software glitches.
- Implemented backend services using Python and Flask, integrating with multiple third-party APIs for data collection.
- Utilized AWS for hosting and managing cloud infrastructure, ensuring high availability and scalability.
- Technologies used: Python, Flask, AWS (EC2, S3), Machine Learning, RESTful APIs.

Airbnb Clone - https://github.com/omollpeter/AirBnB_clone_v4

Mar 2024 - May 2024

- Designed and implemented a full-stack web application mimicking the core functionalities of Airbnb.
- Developed the backend with Python and Flask, managing user authentication, property listings, and reservations.
- Created a responsive front end using HTML, CSS, and JavaScript, ensuring a user-friendly interface.
- Implemented a robust database schema using MySQL and SQLAlchemy to handle user data and property details.
- Conducted thorough testing and debugging to ensure a seamless user experience.
- Technologies used: Python, Flask, MySQL, HTML, CSS, JavaScript.

CERTIFICATIONS

AWS Certified Cloud Practitioner
Software Engineering

INTERESTS

Software Development	Teaching	B/s & Regional Development
Cloud Computing	Open-Source contributions	AI and ML
